

ITS United Kingdom Student and Apprentice Essay Awards 2017

Entries are invited for the annual ITS (UK) awards for students and apprentices. The awards, which were launched in 2001, and relaunched in 2015, were set up to encourage interest and participation in the development of ITS technologies.

Write an essay on the topic of:

***How can future applications of ITS
(Intelligent Transport Systems) improve the
surface transport system for the user?***

The awards will be for the best essay of 1500 words and is open to UK resident apprentices, undergraduates and MSc students with submissions endorsed by their employer or institution. Marks will be awarded for knowledge of new and developing technologies and for innovative ideas, and for good presentation and style.

Awards will be made in two categories:

Best essay by an apprentice

Best essay by an undergraduate or MSc student

Entries should be in Word format and submitted any time between 1 January and 30 November 2017, and be endorsed by a tutor, manager or other competent person

Entries and any questions to:- mailbox@its-uk.org.uk

Supported by

**SMART
HIGHWAYS**

The two winning entries plus a third essay chosen by the judges will be printed in Smart Highways magazine
